PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with hands-on experience designing, developing, and deploying scalable web applications. Skilled in React.js, Node.js, Express.js, MongoDB, MySQL/Sequelize, and Tailwind CSS, with a strong background in building REST APIs, authentication systems, e-commerce platforms, and fintech applications. Proven track record of delivering secure, user-centric, and performance-optimized solutions. Currently pursuing HND in Mechatronics Engineering while contributing to impactful tech innovations.

TECHNICAL SKILLS

- Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
- Backend: Node.js, Express.js and a little bit of php/Laravel
- Databases: MongoDB, MySQL, Sequelize
- DevOps & Tools: Git/GitHub, REST APIs, JWT/Auth, Cloud Deployment (Vercel)
- UI/UX: Responsive Design, Figma (basic), Cross-Browser Optimization
- Payments & Security: Paystack, Cryptocurrency Payments, Secure Authentication & Authorization

PROFESSIONAL EXPERIENCE

Front-End Developer (Remote) | Programmers City
February 2023

- Built dynamic, responsive UIs with React.js and Tailwind CSS, improving load performance and user engagement.
- Integrated REST APIs and implemented secure authentication flows (JWT, OAuth).
- Collaborated with backend engineers to deliver scalable, cross-browser compatible applications.
- Enhanced client applications by applying code optimization and reusable component design.

PROJECTS

Hezmart – E-Commerce Platform | <https://hezmart.com>

- Developed a full-featured e-commerce solution using React.js, Node.js, Express.js, and Sequelize.
- Featuring a robust website and backend that seamlessly powers both web and mobile experiences.
- Implemented multi-role management system (admins, vendors, customers) with secure authentication (local & Google).
- Integrated Paystack and cryptocurrency payments for seamless fiat and digital transactions.
- Built vendor dashboards for inventory, sales tracking, and product uploads.

- Designed admin tools for monitoring transactions, dispute resolution, and analytics.
- Stack: Express.js, react.js, tailwindcss, Mysql/sequelize

Daylad Expo – Booth Booking Platform | <https://dayladexpo.com.ng/>

- Designed a responsive expo booth booking system with user authentication and booking management.
- Integrated email notifications for booking confirmations and updates.
- Stack: Laravel, React.js, MySQL.

Ballers Trade– Gift cards and Cryptocurrencies Trading Platform | <https://ballers-trade.dayladexpo.com.ng/>

- Designed and developed a responsive and secure web platform for customers to trade crypto and gift card seamless
- Sleek, user-friendly interface
- Fast & secure transactions
- Real-time notifications for both customers and admin
- Stack: Express.js, react.js, tailwindcss, Mysql/sequelize

The Real World– Cryptocurrency Trading Platform | <https://jointherealworlddd2.com/>

- Developed a cryptocurrency investment platform supporting deposits, withdrawals, and profit monitoring.
- Designed and built admin dashboard to manage users, transactions, and investment plans.
- Implemented data integrity checks and encryption to secure transactions.
- Stack: React.js, Node.js, Express.js, MySQL/Sequelize.

Trust Platform Finance – Cryptocurrency Trading Platform | <https://trust-platformfinance.vercel.app/>

- Developed a cryptocurrency investment platform supporting deposits, withdrawals, and profit monitoring.
- Designed and built admin dashboard to manage users, transactions, and investment plans.
- Implemented data integrity checks and encryption to secure transactions.
- Stack: React.js, Node.js, Express.js, MySQL/Sequelize.

Wavehub – Blogging Platform | <https://wavehub.com.ng/>

- Built a content management system with category management, post moderation, and user roles (admin/author).
- Developed a responsive UI with React.js and Tailwind CSS.
- Enabled comment approval/disapproval workflows for better community moderation.
- Stack: React.js, Node.js, MySQL/Sequelize.

EDUCATION

Federal Polytechnic Nekede, Owerri

Higher National Diploma (HND) in Mechatronics Engineering – In Progress
